OFFICE SOLUTIONS

Powerful Workflow Capabilities for Local & State Governments

Streamline Imaging While Staying FERPA & HIPAA Compliant

Office printing has become an ever-increasing focus on scrutiny to tighten costs and security for print and digital documentation.

Seeking a modern way to strengthen IT operations?

Could managing the hidden costs of printing boost your agency's efficiency?

Want to ensure your funds are appropriated and spent wisely?

Cloud-Based Print Management

Agencies can easily integrate their IT infrastructure with a Microsoft Azure-hosted cloud print server, freeing teams to work and print from anywhere. Our cloud-based print server makes it a breeze to set up a new user with a single-sign-on solution to heavily used workflow applications, like Microsoft SharePoint. Rules-based printing and print quotas can be implemented to ensure an efficient print environment.

Easily Share Information through Cloud Connect

Agencies, employees, and clients stay connected through Microsoft® OneDrive™ for Business, Google Drive™, Box, Dropbox and more.

Better Manage Printing Costs

Maintain and monitor access control through applications such as PaperCut MF™, YSoft, and Xerox Workplace Cloud job accounting software from Sharp.
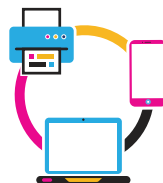

Leading-Edge Security Features

Firmware Attack Prevention and Self-Recovery identify malicious intrusions and restore firmware to its original state, plus deny access if source data is not on the white list.

FERPA-, Sarbanes–Oxley- & HIPAA-Compliant Features

This essential document security feature can erase all data and personal information from the device when you process documents for scanning, copying, faxing, and printing.

Innovative, Flexible Collaboration and Operations

Provide convenient and flexible access to information from any print device. Plus, recall functionality through access cards, mobile devices, QR codes, or simple security codes.

Interactive Whiteboards

Sharp AQUOS BOARD® interactive display offers workflow solutions that enhance collaboration and bring greater efficiency to government offices.

Xerox Workflow Central
Bridge the gap between paper and digital!

Xerox Workplace Cloud
Free up IT resources and maintain maximum security!

Commercial Displays

Digital signage enhances public areas, offices, reception desks, and conference rooms.
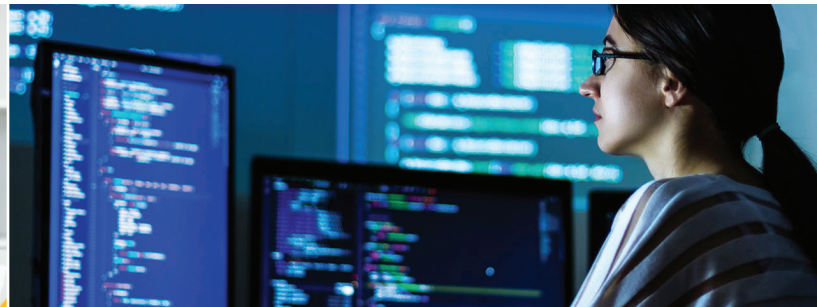

Copiers & Printers

Manage essential printing, copying, scanning, and faxing with secure, seamless, integrated IT solutions.

IT Admin Tools

Add smarter device monitoring and configuration, driver distribution, and user management and reporting tools through a centralized admin console.

IT Services & Support

Manage and augment your IT initiatives and projects, control and monitor endpoints, optimize security, and maintain compliance.

Advanced Print Apps

Streamline your office workflow with innovative software applications.

Security Cameras

Secure your premises, provide a safer workplace, and stay ahead of threats with leading-edge security technology.

Unified Communications

Improve efficiency and employee interaction with one voice, chat, and video platform for multiple agency locations.
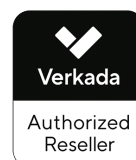

Simply Smarter Procurement with Sourcewell

When it comes to purchasing, city leaders get the best of both worlds: local dealer access with national buying power through cooperative purchasing.

Gray & Creech proudly represents multiple products and services within the Sourcewell contract, one of the largest governmental group purchasing organizations.
